

Medical Malpractice – Claims Reporting

There are numerous scenarios where a Licensed Practical Nurse can be alleged of malpractice, and these allegations may have merit or be groundless or unfounded. Medical Malpractice liability, subject to the policy wordings, responds to those allegations regardless whether they are groundless or not. It provides legal representation and expenses and potential indemnity payments. Examples of complaints are professional misconduct, malpractice, neglect, humiliation, among others.

What steps should be taken in the event of a complaint or claim?

Allegations and claims should be reported immediately. Please report any of the following situations:

- You receive a Statement of Claim, summons or other legal process
- Any written allegations of professional malpractice or negligence
- Any verbal complaints or oral threats
- Any circumstance you become aware of where a third party may hold you responsible for your actions

When should you report?

The policy requires you report "as soon as practicable after being made aware of a claim". Prompt notification is required and essential in order to provide early advice and to ensure that their rights and interests are properly protected. Delay in notification could prejudice the insurer's position and impair their ability to defend you.
